# INTRODUCTION

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1936 edition of the Greensboro City Directory.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Population

The population of Greensboro is estimated at 69,408, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

## Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 21 to 62, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 63 to 419. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro, and the name, official personnel, nature and address of each firm and corporation in the city. A feature of this section is the designation of the number of minor children in each family.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 423 to 542. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 543 to 582. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in

the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro.

### **The Greensboro Directory Library**

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### Government

Assessed valuation of all property in Guilford County, \$156,576,402. Tax rate, \$.68 per \$100 (1935). Total population, 1930 Census, 133,000 (largest in State). Estimation for 1935, 165,000.

Guilford County is administered by a commission of five elected at large. It is generally regarded as one of the best-managed counties in the state, being frequently pointed to as a model by the North Carolina Institute of Government.

Greensboro, county seat, is administered by a non-partisan council of seven nominated by districts elected at large. The council employs a full-time experienced city manager. For many years the council has been composed of successful business and

GUILFORD COUNTY COURT HOUSE, GREENSBORO

professional men of demonstrated capacity in their private undertakings.

The council has directed municipal affairs upon well-established business principles uninfluenced by partisan political considerations. Good management is reflected in nationally-recognized superiority in public health administration; reduction of fire losses and low insurance rates; the salability of municipal bonds; low tax rate (according to National Municipal Review, December, 1934, Greensboro's tax rate was lowest in U. S. or Canada among cities of 50,000 to 100,000 population); efficient police protection; unusually good water supply; clean, well-paved streets; modern sewerage and sanitation facilities. These and other evidences of good government have given to the city an atmosphere of enterprise and well-being which causes it to be enthusiastically pointed out as "a good town." Assessed value of property in Greensboro, \$78,899,778. Tax rate, \$1.05 per \$100 (1935).

Greensboro's industrial structure  
is well diversified—there are cotton,  
silk and synthetic textile mills; wo-

products plants; printers and book-  
binders; and a variety of specialty  
manufacturers.

The Cone Mills are the largest pro-  
ducers of cotton denim in the world.  
The Blue Bell Overall Co. is the larg-  
est in America, and the Mock-Jud-  
son-Voehringer Hosiery Mill and  
Pomona Terra Cotta Co. are the  
largest in the South. Vick's Vapo-  
Rub is known around the world.

under these conditions and certain  
intangible factors, manufacturers  
have demonstrated that goods can be

a larger net profit than in compar-

#### **Commerce and Trade**

GREENSBORO is easily accessible to a 50-mile trade area having 908,000 consumers (1930 Census), 180,000 families (est.), \$70,000,000 industrial payroll (1930 Census), and \$699,719,000 of industrial production (1930 Census).

Greensboro is the principal market of the northern Piedmont. There are approximately 1,000 retail, service and professional outlets, handling goods, wares and merchandise lines available in metropolitan centers. Retail sales approximately \$30,000,000 annually.

Wholesale and agency establishments travel between 1,500 and 1,800 salesmen and agents and distribute a wide variety of merchandise over a much larger territory. The area served has greater purchasing power than comparable areas surrounding Richmond or Atlanta.

The home offices of several large insurance companies, together with the territorial and general agencies of numerous national firms, offering all forms of coverage, have created

an "insurance fraternity" which characterizes Greensboro as the "Hartford of the South."

Greensboro is one of the principal cities for Virginia and North and South Carolina conventions. Because Greensboro is the focal point of the most densely populated area in these three states, many organizations register larger attendance at Greensboro than elsewhere. Class "A" hotels offer every modern facility.

Greensboro is territorial headquarters for many nationally-known firms: Chrysler Corp., DuPont, Truscon Steel, etc.

Bank clearings—1935—\$160,336,000.

Postal receipts—1935—\$631,576.

Building permits—1935—\$1,074,276.

#### **Transportation**

**REGULAR SCHEDULE, DAILY DEPARTURES:** 32 passenger trains, 48 buses, 4 airships, 19 regular freight trains (average 5 extras daily), and 26 package cars.

Greensboro is the focal point of rail, highway, and air carriers of the northern Piedmont. Here the main north and south line of the Southern

Railway (only double-tracked system in the Southeast) meets the east and west line of the North Carolina Railroad and the southeast to northwest line of the Atlantic & Yadkin—providing inter-related tariffs over the Seaboard Air Line, Atlantic Coast Line, Norfolk & Western and Southern systems. Modern union passenger, mail and express terminals.

A network of more than 1,000 miles of hard-surfaced highways within a radius of 50 miles provides a means of easy access to Greensboro for approximately 140,000 automobile owners (1935) in the area.

Standard bus lines move in eight directions, connecting with all principal cities. Atlantic Greyhound, Carolina Coach, and the other car-

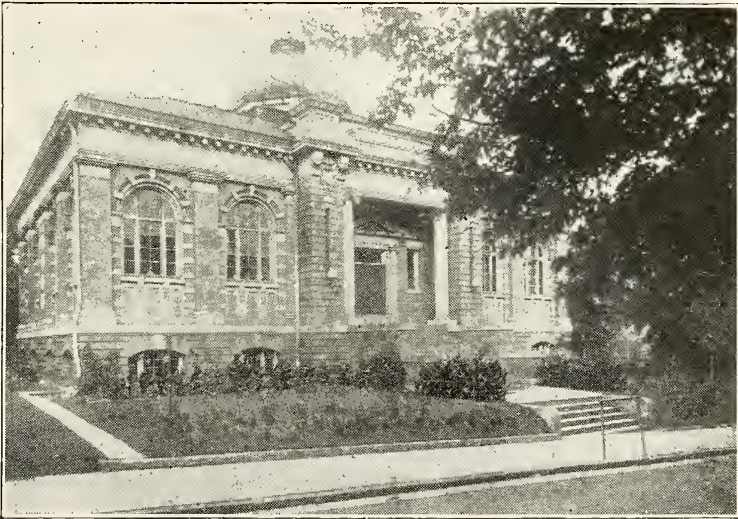

ment program scheduled for completion in June, 1936.

### Religious and Social Features

The church as an institution has always been a powerful and constructive force in the life of every neighborhood in Guilford County. The Quaker Meeting House at New Garden (now Guilford College) was established in 1754. Old Buffalo Presbyterian Church was established in Greensboro in 1756.

Colonial churches at Alamance, Deep River, Friedens and elsewhere in this county have made important contributions to the development of fine character and strong citizenship.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome and inspiring places of worship.

ONE OF GREENSBORO'S THREE PUBLIC LIBRARIES

riers operate under State regulations, clearing through a union terminal.

Greensboro Airport — "Lindley Field" (a pioneer in the Southeast)—serves Greensboro, Winston-Salem and High Point. On Eastern Air Line Co.'s main line, New York to New Orleans—passengers, mail and express. The field has a first-order weather bureau, hangars, restaurant, up-to-date lighting, service equipment, radio beacon, radio, and Southern Bell telephone. Transportation facilities and density of population combine to make Greensboro more easily accessible to more people than any other city in the South Atlantic states.

Note: Field now closed by \$267,-000 major improvement and enlarge-

There exists among all communes an extraordinary religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around and in their neighborhood churches. The urban churches also have highly-developed social programs.

Modern country clubs at High Point, Sedgefield, Starmount and Greensboro have handsome clubhouses, where friends gather for dancing, bridge, study, musical programs, fox-hunting, riding, tennis, skeet, hiking, swimming and many other forms of social intercourse.

Regular music and lecture courses bring outstanding attractions to the

city: Authors and artists, symphony music, occasional opera and metropolitan stage productions. Eight moving-picture theatres (two largest seating 2,600-1,800) offer current attractions. Two auditoriums seating 2,800 and 1,800.

The famous "Playliker" organization of Woman's College, University of N. C., and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.

Greensboro has repeatedly won national recognition in municipal health contests.

THE O. HENRY HOTEL

The World War Memorial Stadium provides an ideal setting for major football games, day and night baseball, interstate track meets, tennis tournaments, etc.

A city-country park provides three lakes for swimming, fishing and boating. A recreation center near Jamestown affords a modern swimming pool. Brandt Lake offers boating and fishing.

At Sedgefield there are horses and foxhounds. The countryside abounds in quail and other game. Several game preserves are maintained by sportsmen of national prominence.

There are twenty-five private clubs and camps nearby, containing a total of 2,273 acres of land and 175 acres of water area.

Championship 18-hole golf courses, private tennis courts and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield and Greensboro. A total of 1,109 acres reserved for parks and playgrounds by the city of Greensboro, and a full-time recreational director is employed to promote a well-rounded program of neighborhood activity throughout the year.

# THE BUILDING OF THE PYRAMID

All of the toil and effort that went into the building of those mammoth Pyramids which have weathered the storms of centuries and the hot Egyptian sun—all of this would not compare with the toil and effort used to build this pyramid of assets.

But there is a difference. The Egyptian Pyramids were builded by slaves as monuments to kings, builded by the driving toil of unwilling hands. The National Pyramid is builded by free men in the pursuit of health and happiness for their loved ones, builded by willing hands and unselfish hearts.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and

social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

## HILL'S GREENSBORO

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

### 1936

Copyright, 1936, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(c) denotes colored.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found; and the Directory be made to serve its fullest use as a business and

social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**
